"Aunt" Ailcy Easter, of Miller's Creek, is visiting her son, Elder Albert Easter, and other relatives in the city.

Frankfort is to have a new railway passenger depot to cost \$100,000. Hurrah for the capital, a fine new depot and a new capitol building all the same year.

From present indications we will have another banner crop of blackberries this year. Our county usually has tons of this valuable fruit to rot each year for the lack of sufficient market.

The People's State Bank with a capital of \$100,000 has been organized at Winchester with the following officers selected: Jos. J. Brown, President; L. B. Cockrell, Vice President; John M. Hodgkin, Cashier.

We acknowledge receipt of one dollar from P. A. Wright and Thos. Bolin, of Butler, Mo., to apply on subscription. The same is received with thanks and best wishes for these good Kentucky people in their Western home.

A very heavy rain fell here Monday afternoon, and in portions of the county creeks were higher than they had been for years, making a clean sweep of the watergaps along the streams and damaging crops considerably.

We learn from LaMonte Record that R. M. Woodward, who left this county in 1882 and located in Pettis county Missouri, committed suicide at the home of his son, H. E. Woodward, near LaMonte May 17, despondency being the cause assigned for the act. He was born in Montgomery county, Kentucky 1842.

Quality vs. Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system. Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak Heart, etc. Kodol Dyspepsia Cure for what is sometimes called America's national disease—Dyspepsia—is destined to eventually work a wonderful and lasting benefit to sufferers from this distressing and mind harassing condition. Sold by M. Rose.

Ground was broken for the new Capitol at Frankfort Tuesday afternoon. Gov. Beckham took out the first spade of earth.

The Children's Favorite.

For Coughs, Croup, Whooping Cough, etc., One Minute Cough Cure is the childrens favorite. This is because it contains no opiate, is perfectly harmless, taste good and cures. Sold by M. Rose.

Death Wounds for Duellists.

Floyd Spencer and Milward Brewer met during church services at Tarridge School House, Wolfe county Sunday morning gain.

and engaged in what promises to be a deadly duel. Brewer fired first and the bullet went through Spencer's abdomen. Brewer was shot twice and a young man Cable was struck in the arm by a stray bullet. The men are said to be in dying condition consequently no arrests have yet been made.

James White Dead.

Departed this life May 27, Deacon James White, aged seventy-nine years, seven months, and twenty-one days. He was the senior and honored deacon of the Powell's Valley Baptist church. Loved and respected by all as a church office bearer; a good and kind husband and father, a patriot and soldier; the saint of God. He now rests from his labors and his works do follow him.

The church being left now with but one deacon, will meet at the June meeting to select another to fill Bro. White's place made vacant by his death. A full attendance is very important. The Lord's supper will be observed on Sunday following.

We offer our heart-felt sympathy to the bereaved wife and children in their great loss, but it is his great gain.

S. F. THOMPSON, Pastor.

Suits Against the Standard.

Sixty penal suits have been filed in Adair county, Ky., against the Standard Oil Company for peddling oil without license. The petition in each case prays for a judgment of \$1,000 and cost of the suit. It is estimated that more than 4,000 similar suits are pending against the Standard in Kentucky.

If in kind of bilious mood,
You wish an aid to digest food,
No other pill so good
As DeWitt's Little Early Risers.

The famous Little Pills EARLY RISERS cure Constipation, Sick Headache, Biliousness, etc. They never gripe nor sicken, but impart early rising energy. Good for either children or adults. Bob Moore, Lafayette, Ind., says: "No use talking, DeWitt's Little Early Risers do their work. All other pills I have used gripe and make me sick. DeWitt's Little Early Risers brought the long sought relief. They are perfect." Sold by M. Rose.

'Twere better to send a cheap bouquet
To a living friend, this very day,
Than a bushel of roses, white and red,
To lay on his coffin, after he's dead.

The Salve That Penetrates.

DeWitt's Witch Hazel Salve penetrates the pores of the skin, and by its antiseptic, rubefacient and healing influence it subdues inflammation and cures Boils, Burns, Cuts, Eczema, Tetter, Ring Worm and all skin diseases. A specific for blind, bleeding, itching, and protruding Piles. The original and genuine Witch Hazel Salve is made by E. C. DeWitt & Co., and sold by M. Rose.

An idea sometimes strikes a man when he is down.

Powell 'Shiners Captured.

Deputy Collector L. A. McClure and Deputy United States Marshal Press Jackson made a raid on a moonshine still in the upper portion of the county Monday night and captured two stills one of sixty and one of thirty gallons. Both stills were destroyed, together with 1,000 gallons of beer and sixty gallons of singlings. The officers arrested Moss Martin, Luther Martin and John Koe operators of the still.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials.

Buy at Home.

Look out for them, they are coming, the range peddlers. They were here twenty years ago and again ten years ago and sold a number ranges to a number of our people for \$60.00 when they could have bought one as good or better from any merchant in Clay City for 25 per cent. less. Don't be deceived by their slick talk, they are trained in the business, and beat anybody at that. They will sell you a stove on two years time and take your note which in reality is said to be payable on demand. If you have an idea of purchasing a range, get it of your home merchant, who will at least save you \$15 or \$20 and give you longer time to pay for it than the traveling fakir, who is only working to get your note, you'll have to do the rest. Our advice to all is let all peddlers and mail order houses alone, and trade only with your neighbor—your home merchant, the man who helps you pay tax, who helps you build school houses and churches, who helps to educate your children, who will go your bond if you get into trouble and who would get up at the hour of midnight and fight for the protection of your family or home.

Think for a moment, on the other hand, if you were in trouble or distress, where would the fakir and the mail order house be? If your house should burn and leave you homeless and destitute of all earthly possessions, where would they be? If you were innocently or otherwise thrown into jail, do you think the traveling fakir or big mail order house whom you may have spent the most of your money with, would rush up and bail you out?

Study about these facts seriously before you decide to send your money so far away from home, thereby directly impoverishing your merchant neighbor, and indirectly impoverishing yourself and all your other neighbors. Upon the whole you will find it to your interest to always trade at home.

Constitutional Amendment.

At the next November election the voters of Kentucky will have the privilege of voting on an amendment to the Constitution to return to the old *viva voce* system of voting and the doing away of the present secret ballot.

The object of the secret ballot was to prevent so much corruption at the polls, but instead a bad matter has grown worse, so much worse, in fact, that something must be done, and the first step is to return to the old method of voting. There can be no reasonable objection to this,

as no honest man cares for the public knowing how he votes.

Sugar From Corn Stalks.

A Pennsylvania farmer who has been experimenting for some time, has made a discovery which means great things for the farmers of the future. It is simply this that the removal of the ears from field corn as soon as the silk appears seems to change the nature of the plant, and turns its energies into the production of sugar, which otherwise go to produce grain.

At the St. Louis World's Fair last summer he set up a plant and successfully manufactured sugar from these plants from which the ears had been removed. The facts in the report of the venture are as follows: A ton of stalks produced 165 pounds of high grade sugar, and 25 pounds of low grade. An acre of ground will yield twenty tons of stalks, so at least a ton of sugar can be produced to the acre, and the cost of manufacture is not more than two cents per pound. After the sugar is extracted, the cornstalks make an excellent paper stock, and will largely cover the expense of manufacturing the sugar.

Special Edition of the Times.

THE TIMES contemplates getting out an illustrated edition for the Fourth of July which will be full of choice reading and illustrations of home enterprises and home people. Rev. J. O. Crawford has been employed to do the soliciting and gather facts. We trust every citizen of the county will do something to aid venture and in turn we feel that we will be able to issue a most valuable souvenir edition.

"It is well to reflect on what we have done yesterday and to get from it new wisdom for tomorrow; but it is useless to spend today in asking idle questions about the decisions of yesterday.

"All things come to him who waits," Perhaps was once a saying true. But now you'll have to advertise To make the dollars come to you."

All we can do is give advice.

Of course that's easy. But our advice is really worth a little more to you than most people's, for we offer to give you the first bottle of our medicine free, if it fails to help you.

We could not afford to do this unless our medicine was good. Such an offer, on the wrong kind of medicine, would put a merchant prince in the poor house.

Dr. Miles' Nervine, however, as years of experience have proved, is a medicine that cures the sick.

Those whom it cannot benefit—less than one in ten thousand—we prefer to refund their money.

All we ask of you is to try Dr. Miles' Restorative Nervine for your complaint. If you suffer from sleeplessness, nervous exhaustion, dizziness, headache, muscular twichings, melancholy, loss of memory, weak stomach, poor blood, bilious troubles, epilepsy, St. Vitus' Dance, etc., we will guarantee to benefit you or refund your money.

You are the doctor.

"My son Bert, when in his 17th year, became subject to attacks of epilepsy, and several times were compelled to take him out of school. After several physicians had failed to relieve him, we gave Dr. Miles' Nervine a trial. Ten months treatment with Nervine and Liver Pills restored our boy to perfect health." —MR. JOHN S. BEAUTIFY YOUR HOME WITH Kinloch PAINT

READY TO MIX NOT READY MIXED

Important Memorandum — The paint is the most important item in painting. A pint sample (\$1.00) and a 10-gallon can are sent free. The paint costs \$1.00 a gallon. \$10.00 a 10-gallon can. You will lose only 10%.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor," by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only.

Kinloch
HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge — "The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

Mrs. Nannie Witt and children, of Iron Mound, and her father, Milt Vaughn, of Irvine, came up Sunday to put up tomb stones to her child's grave.

Messrs. Lindsey and Dillard Douglas, of the Levee, and Misses Nettie, Allie Bush were guests of Geo. W. Bush and wife Saturday night and Sunday.

Mr. and Mrs. Chas. Bush, Mr. and Mrs. Bill Wells, Mrs. John Burgher, Bert Barnett and wife, were the guests of Mr. and Mrs. Melvin Gravett Saturday night and Sunday.

Western Wind.

The wind came around one street corner so strong that it twisted the large hydrant right off the water main. It left a hole in the main about as large as the bottom of the bucket. The wind was sufficient to not only hold the water in the pipes, but it actually forced it back and out at the top of the stand pipe.

A separator standing on East street suddenly fell to pieces. Investigation showed that the wind had unscrewed every nut on the entire machine. Ten teeth were blown from the cylinder.

A granite shaft six feet tall and eighteen inches thick was worn fully two-thirds in two by the wind forcing a steady stream of dust across it all day under high pressure.

Dr. Henshall attempted to draw a bucket of water from his eighty-foot well. The bucket went down about 50 feet and stopped. Investigation showed that that was all there was left of the well. The wind had actually pulled the well into and up to the hour of going to press the bottom part had not been found.—Kansas Farmer.

Cure For Dyspepsia.

One of the best known specialists on organic troubles prescribes nothing but salt and hot water before breakfast for the dyspepsia and indigestion common to a number of people. He says that the combination is as efficient in restoring the stomach to a healthy condition as either Weissenbaden or Carlsbad. This doctor is at the head of a big medical college, and no longer practices his profession for the money there is in it. "Use as much salt as you can," he said to his group of students, who were not able to cure themselves of these simple ailments by powerful medicines. "Let the water be as hot as you can bear it, and I will guarantee that the simple ingredients will do the work far better than all the strychnine and belladonna in existence."

Crop Report.

Grapes are unusually promising and the crop in Kentucky will be one of the largest in several years. All kinds of fruit are in good condition, and the past week according to the official bulletin issued Tuesday by the United States Weather Bureau, was favorable for growth, development and cultivation of all crops.

The first part of the past week was cool, the latter part quite warm. Good rains occurred during the week, being heavy in some sections the 25th and 26th, especially in the western portion, where considerable flooding of lowlands was again caused. On the whole, the week was favorable for germination, growth.

Wheat.—Wheat is leading out and filling well in most parts of

the State, and the reports continue most favorable; but there is considerable complaint of its falling back in the western part of the State, where there is a great deal of damage from rust and the Hessian fly.

Corn.—The planting of corn made rapid progress during the week, and in a great many localities the crop is all in; also there was good work done in cultivating the early planted, which has come up well and has a fine stand. Complaints of damage from cutworms continue, though not so numerous as before.

There is a splendid prospect for oats; clover is good; pastures fine; potatoes excellent promise, and hemp good. Gardens are doing finely and the berry crop is large and promising. The fruit prospect continues good, though apples and peaches are dropping badly. Peaches will probably be a half crop. Grapes are unusually promising.

Anger Cost Him \$40.

In some men anger and impatience are veritable tyrants of the inner kingdom. A scientific gentleman in Washington, exasperated by the stupidity of a negro servant, seized the nearest book of hand and threw it at him. The servant dodged and

the book went out of the window. The servant was sent for it, but some passer-by had taken it and disappeared. On looking about, he found that it was one of his rarest books that he had thrown away. Some weeks afterward he got an opportunity to replace the book at \$40. On examination he found it was the very same. His moment of anger had cost him \$40.
